## Verse 1

A D  
Everything is open  
E  
Nothing is set in stone  
A D  
Rivers turn to ocean  
E  
Oceans tide you home  
A D  
Home is where the heart is  
E  
But your heart had to roam  
A D  
Drifting over bridges  
E  
Never to return  
E7  
Watching bridges burn

## Chorus 1

A D B7sus2  
You're driftwood, floating underwater  
D  
Breaking into pieces, pieces, pieces  
A D B7sus2  
Just driftwood, hollow and of no use  
D  
Waterfalls will find you, bind you, grind you

## Verse 2

Nobody is an island  
Everyone has to go  
Pillars turn to butter  
Butterflying low  
Low is where your heart is  
But your heart has to grow  
Drifting under bridges  
Never with the flow

## Bridge

B7sus2 E  
And you really didn't think it would happen  
B7sus2 E  
But it really is the end of the line  
A E B7sus2  
So I'm sorry that you turned to driftwood  
D A  
But you've been drifting for a long, long time

## Instrumental

## Verse 3

Everywhere there's trouble  
Nowhere's safe to go  
Pushes turn to shovels  
Shoveling the snow  
Frozen, you have chosen  
The path you wish to go  
Drifting now forever  
And forever more  
Until you reach your shore

## Chorus 3

You're driftwood, floating underwater  
Breaking into pieces, pieces, pieces  
Just driftwood, hollow and of no use  
Waterfalls will find you, bind you, grind you

## End

And you really didn't think it would happen  
But it really is the end of the line  
So I'm sorry that you turned to driftwood  
But you've been drifting for a long, long time  
You've been drifting for a long, long time  
You've been drifting for a long, long  
Drifting for a long, long time
